

1st SAUDI LYMPHEDEMA

MANAGEMENT CONFERENCE & LIVE SURGERY

15th-16th December 2023

King Abdullah Specialist Children's Hospital,
King Abdulaziz Medical City,
Riyadh, Saudi Arabia

Target Audience

Plastic and reconstructive surgery
Vascular surgery
Oncological surgery
Breast surgery
Urology

Interventional radiology
physical therapy
Nursing
Medical interns
Medical students

Visiting Professor

Prof. Joon Pio (JP) Hong

Professor, Department of Plastic
& Reconstructive Surgery,
Asan Medical Center
Seoul, South Korea

1st Saudi Lymphedema Conference and Live Surgery: Advancing Lymphedema Care

Addressing Saudi Arabia's gap in lymphedema surgical management, our Department is proud to launch the groundbreaking Saudi Lymphedema Conference and Live Surgery. This event responds to regional disparities in lymphedema knowledge and treatment. Tailored for professionals including plastic surgeons, vascular surgeons, breast and oncology surgeons, radiologist and interventional radiologist, physical and lymphedema therapists, attendees will gain insights into comprehensive lymphedema care.

Featuring national speakers and an international expert visiting professor, the conference will spotlight cutting-edge lymphedema care and its reconstructive surgical techniques, underscored by a live surgery showcase. Sessions will emphasize lymphatic visualization, strategic planning, and outcome optimization.

This conference isn't just an event; it's a milestone in Saudi Arabia's lymphedema care journey. Join us in setting a new regional benchmark for lymphedema treatment.

Faculty

VISITING PROFESSOR

Prof. Joon Pio Hong

Professor of Plastic and Reconstructive Surgery at the University of Ulsan College of Medicine and Asan Medical Center, Seoul, South Korea.

CONFERENCE CHAIRMEN

Dr. Mohammed Alfawzan

Plastic and reconstructive surgeon, Section head of plastic and reconstructive surgery division at King Abdulaziz Medical City, Riyadh, Saudi Arabia.

Dr. Feras Alshomer

Plastic and reconstructive surgeon, supermicrosurgeon and lymphedema surgeon at King Abdulaziz Medical City, Riyadh, Saudi Arabia

ORGANIZING COMMITTEE

Dr. Abdulaziz Alhujayri

Plastic and reconstructive surgeon at King Abdulaziz Medical City, Riyadh, Saudi Arabia.

Dr. Nawaf Alahaideb

Plastic and reconstructive surgeon at King Abdulaziz Medical City, Riyadh, Saudi Arabia.

Dr. Turki Alhassan

Plastic and reconstructive surgeon at King Abdulaziz Medical City and Assistant Professor at KSAU-HS, Riyadh, Saudi Arabia

Bushra Alhazmi

National Guard Residency Training Program Cheif Resident, KAMC, Riyadh, Saudi Arabia

Malak Alsaif

National Guard Residency Training Program PGY-5, KAMC, Riyadh, Saudi Arabia

Ahmed AlTurki

National Guard Residency Training Program PGY-6, KAMC, Riyadh, Saudi Arabia

Ali Hadadi

National Guard Residency Training Program PGY-6, KAMC, Riyadh, Saudi Arabia

Ali Alkhathami

National Guard Residency Training Program PGY-5, KAMC, Riyadh, Saudi Arabia

ORGANIZING COMMITTEE

Asma Alhabib

National Guard Residency Training Program PGY-3, KAMC, Riyadh, Saudi Arabia

Mohammed Alkhateeb

Plastic Surgery Joint Program PGY-3 Eastern Region, Saudi Arabia

Salman Qasim

National Guard Residency Training Program PGY-2, KAMC, Riyadh, Saudi Arabia

Abdullah Alhusain

National Guard Residency Training Program PGY-2, KAMC, Riyadh, Saudi Arabia

Mohammed Alhumaidan

National Guard Residency Training Program PGY-1, KAMC, Riyadh, Saudi Arabia

Mohammad Nouri

National Guard Residency Training Program PGY-1, KAMC, Riyadh, Saudi Arabia

Alaa AlSahli, MBBS

Teaching Assistant, Plastic and Reconstructive Surgery - KSAUHS

Abdulaziz Abumelha

Medical Student at King Saud bin Abdulaziz University for Health Sciences.

Mohannad Alghamdi

Medical Student at King Saud bin Abdulaziz University for Health Sciences.

Ammar Alsayegh

Medical Student at Imam Abdulrahman bin Faisal University.

Abdulrahman Aljohani

Medical Student at King Saud bin Abdulaziz University for Health Sciences.

Alwaleed Altuwaijri

Medical Student at King Saud bin Abdulaziz University for Health Sciences.

Khalid Alosaimi

Medical Student at King Saud University

Invited Speakers

Dr. Faris Almugairen

Head/plastic & reconstructive surgery, Lymphoedema surgery at King Fahad Medical City, Riyadh, Saudi Arabia.

Dr. Abdullaziz alshomar

Vascular surgeon, Head section, Vascular Surgery division at King Abdulaziz Medical City, Riyadh, Saudi Arabia.

Dr. Fahad aljindan

Hand and Microsurgery, Consultant Plastic and reconstructive Surgeon at King Abdullah Medical City, Makkah, Saudi Arabia.

Dr. Naif Alsaikhan

Assistant Professor of Adult and Pediatric Interventional Radiology at King Saud University, Riyadh, Saudi Arabia

Dr. Miad Alsulami

Consultant of molecular and nuclear imaging at MNGHA and fellowship program director, Riyadh, Saudi Arabia.

Dr. Nouf Al-Dhwayan

Outpatient Supervisor of the Physical Therapy Department, King Faisal Specialist Hospital & Research Centre, Riyadh, Saudi Arabia.

Dr. Lolwah Abdullah Al Riyees

*Director, Breast Surgery Unit
Women's Health Hospital – NGHA-CR*

Asma Abdullatif Alderaa

PT, MSc, PhD, CLT, Assistant professor at King Saud University (KSU), Saudi Arabia.

Thamer Al-Shammary

MSPT, CSPT, CLT, D.O.T, Director of Physical Therapy Residency Program, MNGHA

Day 1

Friday, 15th December 2023

Registration
opens at 8:00 AM

9:00-9:10 AM	Opening Remarks <i>Presented by Dr. Mohammad Alfawzan</i>
9:10-9:55 AM	Understanding lymphedema surgery <i>Presented by Professor Joon Pio Hong</i>
9:55-10:10 AM	The use of ICG lymphography in lymphedema <i>Presented by Dr. Faris Almogairin</i>
10:10 - 10:20 AM	Q&A and Open coffee break
10:20-10:55 AM	Surgical approach of upper extremity lymphedema <i>Presented by Professor Joon Pio Hong</i>
10:55-11:30 AM	Surgical approach of lower extremity and genital lymphedema <i>Presented by Professor Joon Pio Hong</i>
11:30 - 11:40 AM	Q&A
11:40AM-1:00PM	Lunch Break
1:10 - 1:15 PM	Lipedema: Differences and overlaps with lymphedema and its management <i>Presented by Dr. Feras Alshomer</i>
1:15 - 1:30 PM	Vascular disease associated with lymphedema patients <i>Presented by Dr. Abdullaziz alshomar</i>
1:30 - 1:45 PM	LVA: Does Anastomotic Configuration matter? <i>Presented by Dr. Fahad Aljindan</i>
1:45 - 1:55 PM	Q&A and Open coffee break

- 2:00- 2:30 PM

Official reception and Remarks
- 2:30 - 2:45 PM

The Role of Nuclear and Molecular Imaging in Lymphedema

Presented by Dr. Miad Alsulami
- 2:45 - 3:00 PM

Management of central lymphatic lesions from interventional radiology perspectives

Presented by Dr. Naif alsaikhan
- 3:00 - 3:15 PM

Peripheral approach to Primary lymphedema with chylothorax: Surgical experience

Presented by Dr. Feras Alshomer
- 3:15 - 3:25 PM

Q&A and Open coffee break
- 3:25-3:40 PM

Physical therapy rehabilitation and care of lymphedema and lipedema patients

Presented by Dr. Nouf Aldhwayan
- 3:40-3:55 PM

Prevalence and Impact of Chronic Oedema within Disabled People in In-patient Rehabilitation Hospital in Saudi Arabia: LIMPRINT Study

Presented by Dr. Feras Alshomer
- 3:55-4:10 PM

Q&A and Open coffee break
- 4:10-4:40 PM

Innovations and challenges in lymphedema treatment

Presented by Professor Joon Pio Hong
- 4:40-4:50 PM

Q&A and Open coffee break
- 4:50-5:18 PM

Free paper session

Safety and Effectiveness of Liposuctions Modalities in Managing Lipedema: Systematic Review and Meta-Analysis <i>Dr. Hatan Mortada</i>	Lymphatic System Evaluation Using Lymphoscintigraphy in Lipedema Patients: A Comprehensive Systematic Review of The Literature <i>Dr. Abdulaziz Abumelha</i>	Saudi Surgeon’s Attitudes and Knowledge Towards Lymphodema and Its Management: A National Survey <i>Dr. Bushra Alhazmi</i>	Characteristics and Clinical Features of Patients with Lower Limb Swelling: A cross-sectional comprehensive assessment of various clinical feature <i>Dr. Khalid Alosaimi</i>
--	--	--	---

- 5:18-5:30 PM

Q&A
- 5:30-5:40 PM

Case review and discussion

Day 2

Saturday, 16th December 2023

(Live broadcast from OR)

(Open coffee corner)*

9:00 – 9:30 AM

Demonstration of the high frequency ultrasound machine application for plastic surgeon

Presented by Dr. Feras Alshomer

9:30 AM – 3:00 PM

Lymphedema surgery Case live broadcast from OR

12:00 – 1:00 PM

Lunch break

3:00 – 3:15 PM

Demonstration of the use of ICG dye and ICG camera in lymphedema surgical planning

Presented by Dr. Mohammad Alfowzan

3:15 – 3:30 PM

Demonstration of manual lymphatic drainage techniques, different bandage compression and different modalities of physical rehabilitation for lymphedema patients

Presented by Mr. Thamer Al-Shammary

3:30 - 4:00 PM

Sponsors lectures

4:00 – 5:00 PM

Closing remarks

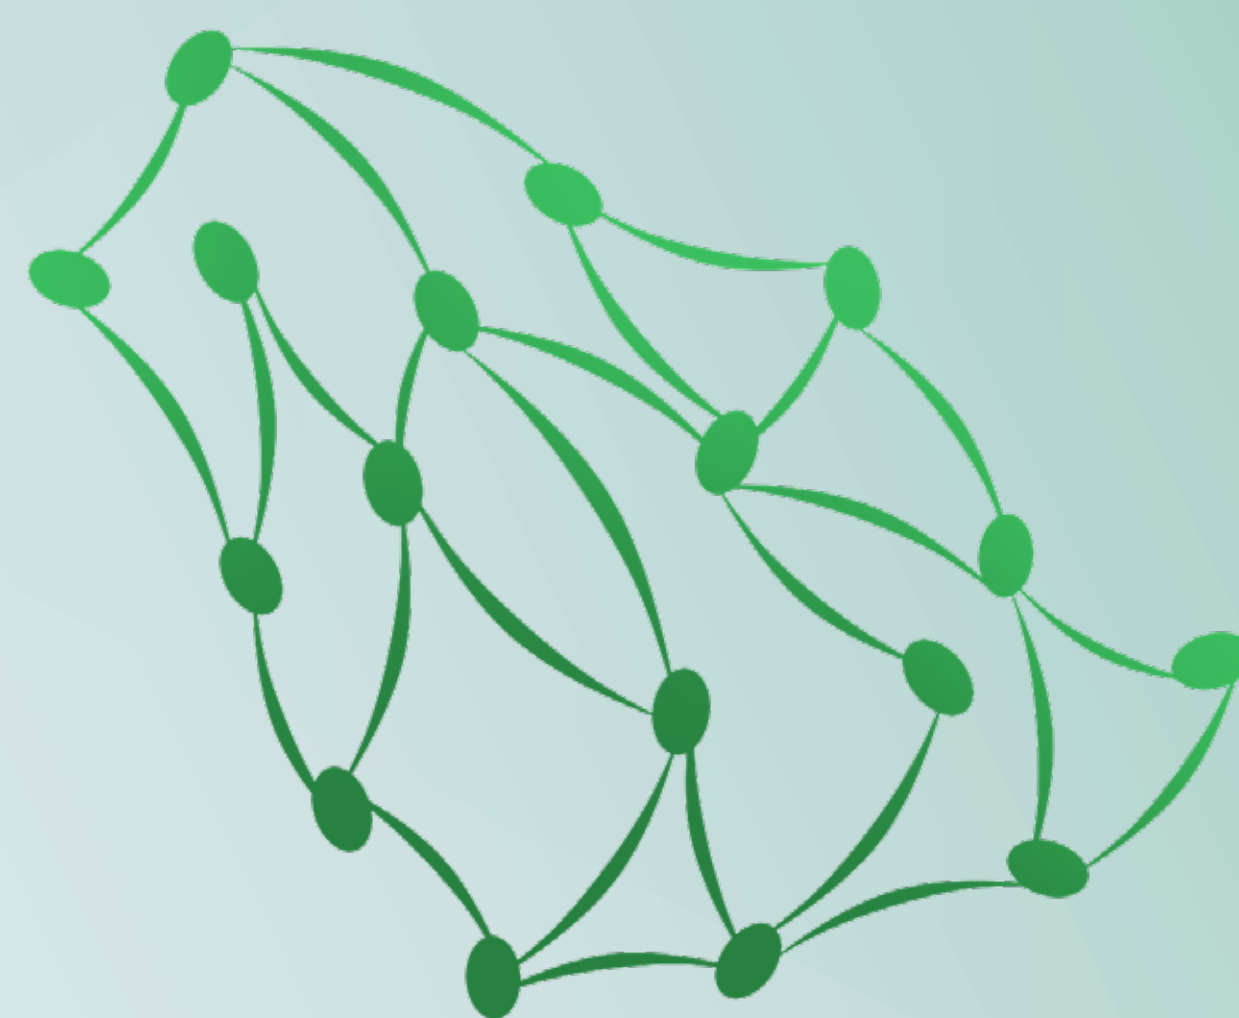

Presented by Dr. Feras Alshomer
