# Malafi

Open a New Medical File  
Electronically - User Guide

The image shows a smartphone screen displaying the Malafi app's login interface. At the top, the status bar shows the time 10:26, 5G signal, and battery level. The app header includes the MNGHA logo, a language selector set to 'العربية' (Arabic), and a menu icon. A progress indicator shows '1' out of 3 steps. The main heading is 'Login via Medical Number (MRN) OTP Veri'. Below this, a prompt asks the user to 'Please enter your medical number and password'. The form contains three fields: 'Region' with a dropdown menu currently set to 'Central', 'Medical Number' with a text input field, and 'Password' with a text input field and a toggle for visibility. A link for 'Forgot Password or MRN?' is positioned below the password field. At the bottom of the form is a 'Login' button with a QR code icon to its right. Below the button, there is a link 'Or, login with...' and a button for 'National Single Sign-On (Nafath)'.
